RHONDA RAJSICH INJURED IN UNPROVOKED ASSAULT

Rhonda Rajsich, the number one ranked women's professional racquetball player, was injured in an unprovoked assault on Sunday, June 1, 2008, outside of her Hermosa Beach, California residence. Hermosa Beach Police are investigating the incident.

As a result of the attack, Rhonda suffered several fractures to the right side of her face. She will be undergoing surgery on Wednesday, June 11th. The surgery is expected to last four to five hours and will involve the placing of titanium plates and screws in Rhonda's cheek, jaw and eye orbital areas. The full extent of the damage will not be known until after the surgery is complete and the healing process begins. At that time, the doctors will be able to determine whether Rhonda may require further surgery.

Rhonda is also under the care of an ophthalmologist. Barring any complications, at this time it does not appear that she will have any permanent vision impairment.

Although it is expected that Rhonda will make a full and complete recovery, at this time her doctors have not been able to determine when she will be able to return to the racquetball court. More information regarding her recovery time will be available sometime after she undergoes surgery.

In order to assist Rhonda with her expenses while she is unable to play, a fund has been established at Wells Fargo Bank. Checks can be sent to the Rhonda Rajsich Relief Fund, c/o Peter Nitschke, Southern California Sports Management Group, 23861 El Toro Road, Suite 700, Lake Forest, CA, 92630.
